Basic Water Distribution / Wastewater Collection

Operation & Maintenance Training

September 26, 2019 - Livingston, AL

October 22, 2019 - Thomasville, AL

November 7, 2019 - Decatur, AL

The Alabama Rural Water Association is conducting Training Classes on Basic Water Distribution / Wastewater Collection. All the pieces and parts must work together in order to have a properly operated Water Distribution / Wastewater Collection System. Key components in this training include making proper repairs to the pipeline, inserting valves, knowing and understanding proper pipe line locating and the use of ground penetrating radar. This Hands-On Training Opportunity will provide the attendee with the understanding and knowledge of the importance of each of these components and the proper ways to maintain and enhance their uses.

Maintaining a good quality of life for Alabama citizens is an ongoing objective. Water is a critical resource in this process and the availability of a good safe dependable source of drinking water is a necessity. This training will be FREE OF CHARGE.
