

18TH ANNUAL GO

Benefiting the John A. Garrett Scholarship Fund

The Alabama Rural Water Association's Annual John A. Garrett Scholarship Fund Benefit Golf Tournament was organized in 1997 to award annual scholarships to qualifying and deserving individuals. Currently six (6), seven hundred fifty dollar (\$750.00) scholarships are awarded annually. Two (2) recipients are selected from three (3) regions; North, Central, and South Alabama. Assisting with this year's Golf Tournament were the Scholarship Board of Directors Greg Dutton, City of Moulton; Randolph Hall, South Bullock County Water Authority and Mike Norris of Mid-Central Water & FPA, Inc. Also, we would like to recognize the Golf Tournament Steering Committee; Jeff Harrison (CDG Engineers & Associates, Inc.), Kevin Smith (Neptune Technologies), John Skipper (DPC Enterprises, L.P.), Adam Snyder (Consolidated Pipe & Supply, Inc.), Matt McGowan (Ford Meter Box Company, Inc.), and Chris Morrow (Morrow Water Technologies, Inc.). This group

of individuals contribute their time throughout the year to ensure a quality event that will benefit the Scholarship Fund while providing a fun-filled day to all participants, and this year was one to remember.

March 15th, 2015 was a magnificent day for golf. Perfect weather engulfed the picturesque Robert Trent Jones Capitol Hill Golf Course in Prattville, Alabama where seventy five (75) participants gathered for a day on the links. Once registered, participants were able to enjoy a bountiful strolling lunch provided by Ford Meter Box Company as well as try their luck at the annual putting contest, graciously sponsored by Amerifirst Bank. Participants were also able to enjoy some time warming up and networking by the driving range and practice facilities at Capitol Hill. Promptly at 11:30 a.m., the tournament started and the contestants set off for a memorable experience, all while raising money for a great cause.
